I personally do not have any signs. Our library board race this election is uncontested. I will work with the others that I am supporting, however, to get our signs down after the election.

Hello Rick Tarulis - I received your mailing regarding the removal of campaign signs.

While I am on the ballot for the upcoming election, I am following an agreement with several other Lisle candidates not to use campaign signs for this election. Therefore, I am not in need of anyone picking up any signs on election night.

Thank you for your offer. Best wishes that your campaign is a success for you.

Mr. Tarulis,

I wanted to acknowledge that I received your letter dated March 2013 regarding Sign Removal on Election Night. I do not have any election signs out for this election. Thank you for offering this service because it really bothers me when election signs are not collected two and sometimes even three weeks after the election. I hope all candidates take advantage of your volunteers.

Subject: Campaign signs

Hello -

I appreciate your offer for the collection of signs and think it's a great idea. I hate seeing all of the signs after the election and think your idea is a good one to eliminate that. I personally am not using signs, so I won't be needing this service, but commend you for doing something about this.

Good luck next week!
