

## **From the Office of Sheriff John E. Zaruba**

### **SMART 911**

Help us better serve you. By entering critical information online before an emergency, you can ensure that first responders are better prepared to respond when you call 9-1-1. Help DuPage County, help you. Register today.

- **HELP EMS treat you:**

- Tell Smart911 about your family's medical issues- like heart conditions, allergies and stroke history. This way when 9-1-1 receives a call, EMS will arrive with appropriate equipment. For those who have a family member with Alzheimer's, Autism or who is deaf, this service helps as well. Instantly 9-1-1 knows the callers conditions and location without having to rely on a verbal communication.

- **Help Police protect you:**

- Smart 911 information can help police in numerous ways. Today when a child goes missing, it takes time for police to obtain a photo of the missing child. With Smart911 police will have that photo instantly and can begin a wide scale search sooner. Additionally, this service helps police to locate you and your family more quickly during emergencies.

- **Help the fire department rescue you:**

- With Smart911, call takers can notify firefighters of exactly how many people live in your house-including pets- to ensure that everyone is rescued during a fire. Additionally, if you live in an apartment building, firefighters will not only know the address, but the floor and apartment number as well.

- **Your information is 100% private.**

- Your family's profile information is completely private and secure. The details you enter on our secure and protected website are only shared with 9-1-1 dispatchers and first responders in the field and only when you or your family members call 9-1-1.

- **Your Safety Profile is Free, Private, and Secure.**
