CAR CARE SAFETY CLINIC FOR SENIORS 50+

SATURDAY, MAY 14, 2016 FROM 8:00AM-12:00PM

Lisle Public Works Garage • 4907 Yackley Ave., Lisle

No reservations are required for this event. Snacks and beverages will be provided.

The Naperville & Lisle Townships TRIAD invites Seniors 50+ to bring their cars for a FREE Comprehensive Auto Safety Inspection.

Bring your vehicle to the Lisle Public Works Garage on May 14 to ensure that it is up to safety standards. A multi-point vehicle inspection will be performed, which includes checking the fluids, belts, hoses, tires, lights wipers, and more. This free service is provided to help ensure vehicles are safe for senior drivers. Also, trained AAA CARFIT volunteers will be on hand to show you how to correctly position yourself in your car and demonstrate aids that will help you get in and out of your car safely and easily.

There will also be health and safety information tables to visit while your car is being inspected. These tables include health screenings, blood pressure checks, home safety tips, crime prevention, and other information will be available.

Bring home a free souvenir picture of yourself sitting in the driver's seat of a classic automobile!

For more information, call Lisle Township at 630-968-2087.
