## **Reports of Elected Officials:**

### **Commissioner Young:**

The commissioner told the board that the Small Cell Ordinance will need to be changed again because the FCC got involved and their rule says that if there is conflict between their rules and state law he must do what is more favorable to the carrier. Trustee Tams asked a question regarding this issue because it appears there will be a greater density of cell sites. The highway commissioner said yes but the poles are shorter. The highway department is beginning to get applications for these sites, and so far the greatest concentration of sites is along the commuter rail tracks.

The Highway Department is having woodpecker issues, and is hoping to resolve the problem using streamers and noise making devices before serious damage to the buildings occurs.

The Highway Department has installed new LED lights to enhance visibility and security.

The Highway Department purchased 1,300 tons of salt this year, and they used almost all of it. The commissioner said that he will have a more detailed report at the annual town meeting.

They have also placed an order for a new Peterbilt truck, which was in the budget.

The Highway Department is about to put out a spring newsletter which will detail the new sidewalk program which offers an improved cost sharing offer by the township.

### **Assessor Trowbridge:**

The assessor said that his office lease is expiring soon and that he has received a 12-month lease package from the lessor and has asked for a six- month option.

### **Supervisor Mullen:**

Supervisor Mullen noted that the annual \$500.00 sustaining contribution for TRIAD was in this month's bills. In addition, SHOE (Senior Housing Expo) is coming up April 23rd, there will be flyers for this as well as shred day for attendees at the Annual Meeting.

The supervisor noted that all of the township supervisors have decided to pool their resources and buy a full page ad in the DuPage County edition of the Daily Herald just before April 3rd, which is township topics day in Springfield. The purpose is to better inform residents about what townships of DuPage County do for residents.

Supervisor Mullen said that she and Assessor Trowbridge had recently visited one of the potential long-term sites for the assessor's office. They had a solid meeting and once they have something more formal to present to the board they will.
